

## **Get Visa's Zero Liability fraud protection when you make Signature-Based Debit Card Purchases**

When you use your SDPECU Debit Card to make purchases, you can get all the fraud protection and dispute resolution rights offered by Visa when you choose to make signature-based transactions. SDPECU Debit Cards offer same security protections as Visa, but only when you sign for purchases instead of entering a PIN code.

To make signature-based transactions, simply follow these steps:

- Choose the "credit" option at the sales terminal
- Swipe your card
- Sign for your purchase
